Education

Yale University
New Haven CT

B.A. in Computing and the Arts (CS & Fine Arts)
Expected May 2026

Experience

S&P Global & Kensho
Product Design Intern
Sept - Dec 2025

Designed 0→1 interfaces for 2 AI-powered financial products introducing new citation and data attribution systems.

Led 2 design workshops on AI design tooling, including one for an audience of 100+ S&P Global designers.

Represented Kensho's design team on an AI software panel alongside 2 senior designers with 20+ years combined experience at S&P Global's firm-wide design conference

Fidelity Investments
Software Engineering Intern
June – Aug 2025

Shipped 0→1 employee onboarding product using Azure OpenAI and RAG, reducing documentation search time and support requests. Adopted by 3 external Business Units.

Fidelity Investments
Software Engineering Intern
June – Aug 2024

Designed and developed an internal application prototype using Python/Django and vendor APIs, creating a universal Managed File Transfer solution serving 3 distinct user groups.

Leadership

Design at Yale
President
Oct 2024 – Present

Elected first Black president of Yale's only design studio. Grew membership from 12→22 designers.

Led studio's largest client engagement: website for a startup that went on to secure multi-million dollar backing from firms like Caffeinated Capital, Haystack Ventures & SV Angel.
